

Grayling Defeats Elk Rapids, Loss to Torch Lake

The Grayling Indians divided a win and loss in Chain of Lakes League play the last two Sundays as they defeated Elk Rapids there on August 3 by a 8 to 3 score and lost to Torch Lake here last Sunday by a 12 to 6 count.

Next Sunday, the Indians travel to Kalkaska where they will play a doubleheader. The second game is a makeup game from the scheduled appearance of Kalkaska here which was rained out. The first game is slated to start at 12:30.

At Elk Rapids on August 3, Bob Gildner pitched for Grayling with Clyde Anthony behind the plate. Grayling scored their 8 runs on 14 hits while the home team managed their 3 runs off 6 hits. Elery Horning started for Grayling with 4 hits in 5 times at bat while Anthony got 3 hits. Bernie Sajdak hit a home run with no one on base.

Last Sunday here, Torch Lake took an early lead in the game, but Grayling fought back to tie it up in the eighth inning. Gildner was on the mound for Grayling and pitched 10 innings. He was relieved by Leo Granger who pitched the final inning. Anthony was again behind the plate. The Torch Lakers broke loose with a six run rally in the eleventh inning to take the ball game.

Grayling Legionnaires To Attend National Convention In New York

Leave By Chartered Bus On August 22

Thirty-one members of the Grayling Post 106, American Legion will travel to New York City later this month to attend the National Convention of the Legion there. This is the fifth National Convention at which the local post has been represented by a large body of members.

The first national convention that the local Legionnaires attended was in 1931 at Detroit. In 1933, they attended the Convention in Chicago and in 1937, they attended the Convention in New York City sending their drum and bugle corps which took part in the parade on Fifth Avenue. They were the only post in Michigan north of Detroit to have a drum corps in the parade, which was the largest in history.

The line of march continued for 23 hours. Again in 1939, the Post sent their drum corps to a National Convention, this time again in Chicago.

The special bus will leave Grayling on the morning of Friday, August 22, 7:30 A. M. A stop will be made in Bay City to pick up several Post members who now live in that area. The bus will then continue on to Port Huron where it will stop for lunch. Following lunch, the chartered Greyhound will continue to Niagara Falls, Ontario, where the group will stay at the General Brock Hotel for the night. Leaving the next morning, the Grayling Legionnaires will travel to New York City via Albany with an hour's stopover at West Point where arrangements have been made with the Commanding Officer of the establishment for a quick sightseeing tour. The group is slated to arrive in New York City about 6:30 P. M., where they will stay at the Hotel Brooklyn at the corner of Broadway and 29th Street. This is the same hotel that the drum and bugle corps stayed in at the National Convention of 1937.

The chartered bus will return from New York City on the morning of August 27 or 28 via the famed Pennsylvania turnpike.

Those making the trip are: Mr. and Mrs. Clarence Johnson, Mr. and Mrs. Alfred Hanson, Mr. and Mrs. Clement Blaine, Dr. and Mrs. J. F. Cook, Dr. and Mrs. William Barrie, Mr. and Mrs. Sheldon "Bill" Schweinsberg of Bay City, Mr. and Mrs. Mike D'Arcy of Vanderbilt, Mr. and Mrs. Oral Levan of Muskegon, formerly of Grayling, Mr. and Mrs. John Decker, Mr. and Mrs. P. Feldhaus, Mr. and Mrs. John Stih of Lake City, Mr. and Mrs. C. P. Wolverson of Lake City, Mrs. Amy Gothro, George Morrison, Calvin Church, Gerald Herrick of Mount Pleasant, Harry Sorenson, Royal Baringer of Midland, Sam Rasmussen. The group will be joined in New York by Mr. and Mrs. Elmer Rasmussen and daughters, Shirley and Sharon. The Rasmussens are driving through via Washington, D. C., where they will pick up their daughter, Shirley, who is employed in the Nation's Capitol.

Pioneer Doctor Dies In Thumb

Funeral services were held Saturday at Port Sanilac for Dr. Charles H. O'Neil, 88, who passed away in that village last Thursday.

Dr. O'Neil served the village of Frederic around the turn of the century both as physician and dentist for quite a number of years. He came to Frederic right after his graduation from medical school. He was born in New York State and his first job was on a farm. It was from this farm work that he saved enough money to enter college and progress to his medical degree.

He went to Flint in 1910 and eventually became chief of staff of the Flint Municipal Hospital. He retired in 1941 and moved to the little Lake Huron shore village where he passed away. He had planned to take it easy, but with the advent of World War II, Dr. O'Neil again took a hand in practice as Port Sanilac's physicians were drafted into service.

Dr. O'Neil had been in ill health for about a year and for the past several months was confined to his bed with an heart ailment.

Kiwanis Club Notes

Members of the Kiwanis Club of Grayling, their wives and guests enjoyed a dinner meeting at Camp AuSable Monday evening. The camp is located on School Section Lake just east of Grayling and is the summer youth camp of the Seventh Day Adventist Church.

Following dinner and a short business meeting, the club members and their guests were taken on a conducted tour through the camp, and shown the various buildings and facilities that the camp affords the summer campers.

Potato Late Blight News

Potato late blight was found July 23, for the first time during the current season, in the southern part of Emmett County. Two fields on the same farm were affected. The seed for these fields was from last year's uninfected crop and from the localized infestation of the disease was carried over in the seed tubers. In both fields blight occurred in pockets and under conditions of relatively high humidity with plenty of soil moisture.

Past experience shows that when precipitation in July reaches four inches or more with warm days and slightly cooler nights, conditions are present for the development of late blight in the fields. Infection may come from seed pieces affected with late blight tuber rot or from volunteer plants thrown into cull piles. Volunteer plants on cull piles should be destroyed, thus eliminating one source of infection. Under the present conditions of high moisture and suitable temperatures, every effort should be made to keep the new growth of plant vines covered with a suitable fungicide. In areas where these weather conditions exist, stepping up the spray schedule to weekly intervals or even shorter periods would materially help in preventing an epidemic of potato blight such as we had in 1951.

Remember — through timely and frequent applications of spray material in potato fields at this stage of growth of the vines will pay dividends in the prevention of late blight tuber rot late in the season.

LOUISE LUTZ JOINS WAF'S

Bertha Louise Lutz has enlisted in the WAF's for a three year enlistment period and left July 27th for Lackland Air Force Base, San Antonio, Texas. Louise graduated from Grayling High School in June of this year. She was very active in the Michigan Memorial Church Sunday School and maintained a perfect attendance record there for years.

In case you wish to write to Louise her address is A/B-Bertha L. Lutz, AA8506308, 3745, WAF Trng. Sqdn., 289, Flight, Lackland Air Force Base, San Antonio, Tex. Louise is the daughter of Mrs. Elberta Lutz.

Walks Away - To Prison

Tracy Moore, 34, inmate at Camp Lehigh, prison labor camp located at Hartwick Pines was transferred back to Southern Michigan Prison at Jackson on Tuesday by Camp Superintendent James Chandler.

Moore walked away from the Corrections Department's camp at Hartwick Pines last Friday night and was the subject on an intense search all of Friday night and Saturday. The search was carried out under the direction of Superintendent Chandler and Sheriff William F. Gornick.

Moore phoned the camp on Monday telling the officials that he had walked to his home near Vanderbilt during the two days and wanted to give himself up. During his two day trek, Moore kept to the woods and swamps, crossing roads only where necessary.

He was picked up and placed in the Crawford County Jail near 6 o'clock Monday night and returned to prison on Tuesday.

TED NELSON LAID TO REST

Thomas Theodore Nelson was laid to rest in Elmwood Cemetery Monday, August 11, following rites read at St. Mary's Church at 10:00 a. m. Rev. Fr. John Breitstein officiated. Serving as pall bearers were Clayton Gorman, Jay Stephan, Carl Miller, William Sorenson, Junior Palmer and Everett Bidvia.

Mr. Nelson, better known to his friends as "Ted", was born in Grayling on April 15, 1932 to Mr. and Mrs. Tracy Nelson and spent all of his life in Grayling with the exception of 3½ years spent in the European Theater with the Air Force during World War II. He graduated from Grayling High School in 1942. He was a member of Grayling American Legion Post 106 and St. Mary's Church. Ted succumbed very suddenly to a heart ailment. He was ill only two days.

Surviving are his parents; two brothers, Richard L. of Detroit and Robert of Grayling; one sister, Mrs. Shirley Brewington of Seattle, Wash.; a son, Thomas, 5 years old and daughter, Shana, 4 years old, of Saginaw.

Here to attend the rites were William Nelson of Mancelona, Mr. and Mrs. Larry Goodrick of Flint and Mrs. Shirley Brewington and Sharon of Seattle, Wash.

Beaver Creek Youth Taken By Death

Funeral services were held at St. Mary's Church at 10 a. m. Tuesday morning for George Walter Wolfe, 12, who passed away at his home in Beaver Creek on Sunday, August 10. Rev. Fr. John Breitstein officiated at the services and interment was in Elmwood Cemetery, Grayling.

The Beaver Creek youth was born on February 9, 1940 to George and Edith Nelson Wolfe, who survive him.

Anti-Aircraft Units Train At Big Bay, Michigan

Field training 1952 is almost here. On 16 August, some 8,000 officers and men of the Michigan National Guard will converge at Camp Grayling and Big Bay for two weeks of intensive training in the field.

Scheduled to rendezvous and train at Camp Grayling are 7,000 officers and men of the 48th Inf. Div., State Hq. and Hq. Det., 139th Army Band, and the 222d AAA Det (RCAT). Officers and men of the 300th AAA Gun Bn from Iron Mountain, Iron River, Ironwood, Baraga, and Manistee will travel to Big Bay where housing and firing sites have been carved out of the woods of Michigan's great northwest.

For the third successive year Michigan Guardsmen will train with eyes on a world divided and uneasy, in which conflicting ideologies bar the way to a lasting peace.

Assigned training mission of the 48th Inf. Div., and attached units is to bring the units to a high state of training capable of functioning effectively at existing strength without further training when employed in emergencies by State and Federal authorities, and to provide a trained cadre force for rapid mobilization and expansion in time of war as a component of the United States Army.

Training of junior officers and

NCO's in leadership, small unit tactics, capabilities and employment of weapons, and marksmanship in individual and crew-served weapons are subjects which will be stressed during 1952 field training.

At least two new features will mark the sixth field training exercises of the new Michigan National Guard. Nearly 1,000 new vehicles will be used to transport men and equipment to camp and to carry out field training duties during the two week period. Automatic transmissions should give six-by-six drivers an easier time of it on the sandy by-ways of Camp Grayling.

The Armed Forces pay raise, effective 1 May, will be reflected somewhat more in field training pay than it will in annual drill pay, since 14 per cent of the increase applied to allowances for quarters and subsistence.

Unlike previous years, troops will not participate in a division-wide field problem during the second week of training. Units will, however, participate in overnight bivouacs Tuesday and Wednesday nights of the second week. Tactical to 2000 hours, the Tuesday night bivouac will stress tactics of individual and company units. Army Field Forces Tests, something new on the 1952 field training scene, will begin the first week

of training and continue through Wednesday, 27 August.

Firing on small arms ranges, recruit schools, small unit training, battery level training for artillery and platoon tests for armor will mark the opening of the two weeks' training Monday, 18 August. Artillery units will progress from battery level training to battalion level training, including service practice. Organizational retreats-parades will "top off" each day's training Monday through Friday of the first week.

Traditional events of Governor's Day and the Memorial Service Sunday, 24 August, will highlight the halfway mark in the field training period.

Infantry, artillery, and armor tests will continue in the second week of field training. As field training draws to its close Tuesday, 28 August, the eagle will fly for officers and men of the 107th Engr Combat Bn. The remaining units will be paid on Friday, 29 August, and preparations will be started for the movement to home stations.

The 107th Engr. Combat Bn. minus Co. D of Manistee, will actually begin their rail and motor movement to their Upper Peninsula stations on 29 August. On Saturday, 30 August, all remaining units except rear detachments will start the trek back to home stations throughout the State.

Cost of the 1952 field training for Michigan's 48th Inf. Div., and attached units will exceed a million dollars, according to estimates prepared by the USP&DO office.

Of the grand total of \$1,040,589.58, \$56,018.67 will be expended to train the 300th AAA Gun Bn of the Upper Peninsula and Manistee at the new training site at Big Bay. The remainder, \$98,571.06, will be expended on the 46th Inf. Div., State Hq. & Hq. Det., 139th Army Band, and 222nd AAA Det. (RCAT), at Camp Grayling.

The estimated costs of field training are based upon an attendance of 7,850 officers and men at Camp Grayling and 389 at Big Bay.

Largest estimated item for the two field training sites, of course, is pay and allowances, \$754,280.17. Of this, \$40,528.17 will go to pay the officers and men of the 300th at Big Bay.

Rising cost of living, coupled with open-air appetites, creates a large food bill for 1952 field training.

Conservation Commission Relaxes State's One Buck Deer Law

Final Three Days Open For Does

Last Friday at their meeting at the Higgins Lake Conservation Training School, the Michigan Conservation Commission in a surprise move voted to allow deer hunters to shoot deer of either sex in the northern half of the Lower Peninsula during the final three days of season this fall which runs from November 15 through 30.

The Commission also gave waterfowlers a more liberal season. They will have 55 days of shooting, beginning Oct. 1 at noon and ending Nov. 24.

Deer hunters to allow "any deer" to be shot on Nov. 28, 29 and 30 followed a public hearing Thursday.

Deer Hunters and the State's Game Division told what they thought should be done to control the herd.

It was expected that the commission would approve the Game Division's recommendations for a special "any deer" season only in designated areas and to follow the regular buck season.

The upset came when Commis-

sioner Donald B. McLouth, of Detroit, questioned what damage would be done if shooting does and fawns were to be allowed throughout the state.

Harry Ruhl, chief of the Game Division answered that the herd would not be damaged at all biologically. He favored the less drastic season only to avert unfavorable public reaction, he said.

McLouth then proposed to allow "any deer" to be shot during the last three days of the regular season, and carried the rest of the Commission with him.

The new regulation will apply to the northern half of the Lower Peninsula only above Highway M-20. The Legislature did not grant discretionary power over the herd in the Upper Peninsula.

Only "unsuccessful" deer hunters will be able to take advantage of the liberalized regulations. Hunters who shoot a deer either during the bow hunting or buck seasons will not be allowed to shoot a second deer.

During the buck season, Nov. 15 to 27, only deer with antlers three inches above the skull will be legal.

South of Highway M-20, the "any deer" regulation will not apply, except in Allegan County, where a special any-deer season will be held Dec. 1 to 7.

The bow hunting season will be from Oct. 1 to Nov. 5 throughout the State. In all of the Lower Peninsula, either bucks or does may be taken with bow and arrow, and also in the Upper Peninsula, excepting Menominee and Chippewa counties where bowhunters may shoot bucks only.

The Commission voted to allow only bucks to be taken under special camp permits.

WATCH OUT WHILE PASSING, SAYS CHIEF

Chief John A. Papendick today announced that his department is cooperating with the State Safety Commission for a safety program aimed at reducing traffic accidents due to dangerous passing. This program, under the leadership of Charles M. Ziegler, State Highway Commissioner, will carry on through the month of August.

According to Chief Papendick, head-on collisions caused by dangerous passing are one of the most fatal types of traffic accidents. "The next time you drive by a wrecked car junkyard look for a car that has the whole front end caved in and the windshield smashed to bits. This should be sufficient evidence for anyone as to what happens when you hit another car head-on," he said.

"Keep in line—don't cut in," the official slogan of the campaign, is good advice for all motorists to follow.

"Cutting in on the driver you are passing is one of the dirtiest tricks one motorist can pull on another," the Chief added. "You may force him into the ditch or cause him to stop too suddenly and be hit by a surprised driver behind him."

"The professional driver never cuts in on the car he is passing. He waits until he can see this car in his rear vision mirror before he turns right to get back into the right-hand lane. In this way he knows that he will not interfere with the car he is passing."

Chief Papendick stated that he is instructing his men to pay particular attention to dangerous passing and to stop all violators. "After all of the information motorists receive through the educational campaign of newspapers, radio stations and posters, there is no excuse for a motorist to pass dangerously," he concluded.

Engagement Announced

Dedication Service At Lovells Chapel

A very impressive service was conducted Sunday noon at Lovells Community Chapel by the Rev. H. Sebree of Plattesville, Wis., and former pastor of the Chapel in a Dedication Service.

Two beautiful silk flags, one the American and the other, the Christian flag were presented to the Chapel in loving memory of our dear friend and neighbor, the late Edgar J. Caid. Two of the trustees, William P. Miller and Clarence Stillwagon, presented the flags to Rev. Sebree, who most ably took charge of the ceremony.

The second dedication was a dedication to Christ by baptism of the infant son of Mr. and Mrs. Bud Caid, whose grandparents, Mr. and Mrs. Miller of Adrian stood for him. The little fellow was given the name Timothy Allen in baptism. Following Rev. and Mrs. Sebree sang in their own sweet way, a duet.

Then Rev. Sebree brought the message which will long remain in the hearts of all who were privileged to hear him. About 100 persons attended the services and shall always remember the entire service.

The Sebrees will return to Wisconsin on Tuesday. All regret to see them go.

Lovells News

Mr. and Mrs. Otto Loeffler and children of Detroit spent the week end with their parents, Mr. and Mrs. Paul Loeffler, who are glad to meet so many old friends again. Mr. and Mrs. Swartz of Detroit are spending a couple of weeks at their cabin north of Lovells.

Glad to have Mr. and Mrs. Ward Hamblin back with us again. They have been enjoying southern hospitality for some time.

You big fishermen, you will have to take a back seat again to young Steve Johnson, grandson of Mr. and Mrs. Claude Smith whose home is in Saginaw, but who spends a good deal of the time at the summer cabin on Big Creek. Stephen goes fishing with his grandfather a great deal and again has landed a beauty, a 4 pound bass from Valentine Lake. Besides this one he got several smaller ones. He is no high school fellow just a beginner, you might say in school, but he sure knows the book on getting the fish.

Mrs. William Spaulding was dismissed from St. Luke Hospital in Saginaw but is confined to her bed most of the time at her home. We are all pulling for you Edith. Get well soon.

Mr. and Mrs. John Seidel and children of Detroit have been enjoying their cottage the past week.

Mrs. Ruth Betts of Houghton Lake has been the guest of her sister and family, Mr. and Mrs. Pierson Spaulding.

Rev. and Mrs. Sebree and children of Plattesville, Wis., spent a few days as guests of the C. Stillwagons and while here visited many friends. Rev. Sebree occupied the pulpit in Lovells Chapel Sunday morning in the absence of Rev. D. Cleveland.

Mr. and Mrs. Guy Miller of Adrian, Mich., were the guests of Mrs. Ruth Caid over the week-end. Mrs. Bud Caid and children returned to Lovells with them after spending a couple of weeks with them in Adrian.

The Rev. Sebree family and Mrs. C. Stillwagon called on Rev. and Mrs. H. Hazzard, Lewiston, Thursday afternoon.

Mrs. Mayme of Detroit was guest of Mr. and Mrs. Eymen on the North Branch. The two ladies are sisters.

The John Gillenwaters spent the week-end at their cottage, returning to their home in Saginaw Sunday evening.

Mrs. Muehlitz and daughter of Wilkes Barre, Pa., are the guests of the former's nephew and family, the Howard McCanns.

Mr. and Mrs. Art Brazier of Royal Oak are spending two weeks in Lovells occupying their trailer house. Besides their own little girl Sandra, they are caring for four little orphan children seeing that all have a nice vacation. What a wonderful thing to do.

Mr. and Mrs. Pat Harwood of Bay City were in Lovells visiting relatives, Pat returning home Friday while Margie remained with her mother to attend the dedication services at Lovells Chapel Sunday morning.

SHARPEN THAT SHOOTING EYE

Bird hunters looking forward to more shooting with our longer seasons next fall will do well to sharpen their shooting eyes this summer. Most sportsmen's clubs have facilities for trap or skeet shooting—and regardless of how good a shot you think you are, a few practice rounds, especially at skeet, won't hurt a bit!

On the other hand, if you shoot a little disgusted with your shooting last fall—if you were looking for alibis when the birds didn't drop—you can learn plenty and improve your shooting on a skeet range.

Don't Try Too Hard!

Most shooters actually try too hard. And when the effort is too great it's impossible to relax. Nerves and muscles can't coordinate when they're taut. In skeet shooting—and trap, too—you'll learn to bring that gun up with an ease and rhythm that gives you freedom of movement, with no cramped or awkward feeling. The stock will nestle in your shoulder with that feeling of a perfect fit. Your cheek will lie along the stock just right, with the eye automatically aligned with the sights.

In the hunting field you just don't get enough shooting to feel completely relaxed and natural

In The American Tradition

A short time ago the Kansas Livestock Association its annual meeting at Wichita. It passed a set of resolutions under the title "Freedom" which deserve national attention. In part, here is what was said:

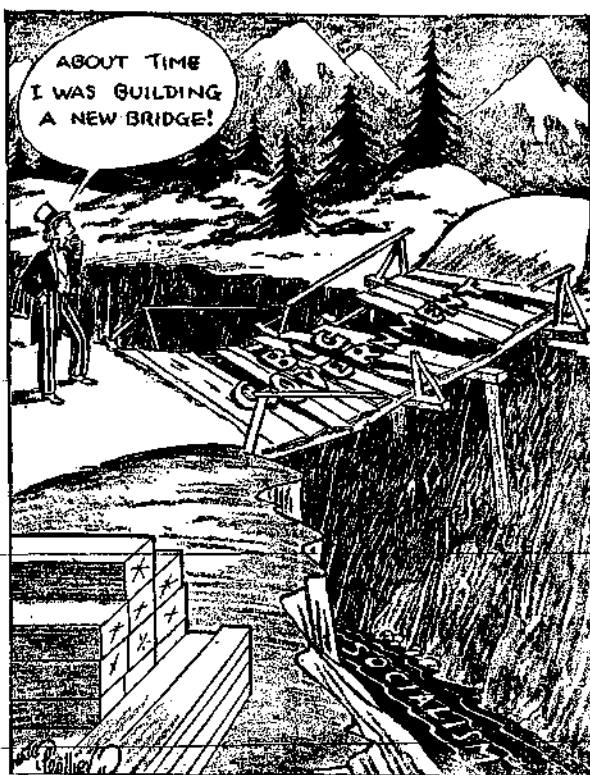

"We frankly recognize the fact that the policies and acts of government, which we did heretofore and do now condemn, have been legalized ostensibly under the theory that, by promoting the economic security of the individual they would abolish want and fear. This, we assert, is the identical false theory on which rests the doctrine of communism, a belief, which denies the nature of man, insults the Creator, desecrates our Constitution and violates the Ten Commandments. It has sapped the spirit and strength of every Christian nation that has indulged it...."

"We are quite conscious of the pain that will attend the reversal of our present course. The transition from an untenable artificial economy to the law of supply and demand inexorably decreed by Nature; from the lavish spending of inflated dollars to the enforced exercise of public and private thrift in the use of honest currency; from dependence on the subsidies of socialism to the self-reliance of enlightened capitalism; this transition we know, will inflict upon each one of us heavy hardship and stern sacrifice.

"But, upholding the old Constitution and honoring the Founders of the Republic, we demand its restoration...."

The people who deal in livestock, like people in a thousand diverse lines of endeavor, have had a full dose of the bitter medicine of government paternalism, government controls of almost every conceivable kind, and political dictation of our lives. Their resolution is in the finest American tradition.

"How much does a bushel of eggplant weigh?"

You probably don't know; you undoubtedly don't care.

But if you're in some business where the answer is important you can get it easily by asking the State Library.

One of the agencies hardest-hit

by the incendiary fire that swept the State Office Building in February of 1951, the library staff has just about completed salvage operations and is doing a land-office business in a two-story building that once housed an insurance office.

Its sad experience when fire and water ruined thousands of books was one of the few times the library broke into public print. But it's a big operation despite the fact that few of the taxpayers who supply its \$350,000 annual budget know anything about it.

There are a half million books. Twenty thousand of them are irreplaceable volumes that were painstakingly dried and flattened after the fire.

One of the priceless treasures is the original, handwritten docu-

ment creating Michigan as a state. Signed by Andrew Jackson and John Adams, it came to Lansing from the National Archives in Washington through the efforts of the late Sen. Arthur E. Vandenberg.

A staff of 61, about 25 of them trained librarians, carries out the work of the library.

They maintain the huge law library in the Capitol, their traditional service for the Supreme Court, Attorney General, Legislature and attorneys.

The basic job is to serve State employees and departments.

The library also supplements local libraries. Do you have to know how the carburetor of a Flat roadster operates? A query to your local librarian will bring books with the whole thing in black and white.

Or are you one of the million Michiganders not served by a local library? The State Library will mail you any book or books you want or need and let you keep it for a month. Postage is the only cost to you.

"Traveling libraries" of 25 to 100 books go out to village libraries and those serving rural areas on a regular grand circuit. Rural schools are served this way.

Mrs. Loleta D. Fyan is not only State Librarian but also secretary of the State Board of Libraries so she and her staff have an extension division that helps local libraries serve their public better.

If you think libraries are hushed, staid, stodgy places, you don't see eye-to-eye with John G. Lorenz, assistant State Librarian. He'll tell you that a library reflects current interests with remarkable fidelity.

"Since the political conventions we get hundreds of queries every week about the candidates, the issues, the workings of political parties of governments," he says. "Requests for historical" debates on capital punishment in Michigan still reflect the interest created by the Jackson Prison riots. Juvenile delinquency is a constant topic of research and every new episode of youngsters in trouble brings new requests for information."

"To meet that never-ending need for information," Lorenz recalls, "we set up an information center in the Capitol about a week after the fire. We had the basic reference works and were connected by teletype to the Detroit City Library and those at the University of Michigan and Grand Rapids so we could have the use of their material."

When the new State Office Building is completed, the library will move into a permanent home. But—alas and alack!—"I'm afraid we're going to be crowded," Lorenz predicts. "Our new quarters have less space than we had in the old building and there we were cramped far beyond efficiency."

But future plans envision a separate State Library building in the Capitol development area. That will be a long time in coming but the library will be right on the job, meanwhile, sending travel books to a bedridden boy way up in the Porcupine Mountain region helping your librarian expand the services of your own library, digging up some moot and minute point of the law for a Supreme Court Justice.

Come to think of it, they may even have to look up how much a bushel of eggplant weighs. Lorenz had so many things to talk about he never did come up with a pound and ounces answer.

Michigan will be preserving one of the great old American political traditions this year. The Republican candidate for lieutenant governor, Clarence A. Reid, was born in a log cabin.

Time was when a candidate didn't have a chance unless he could point with pride to a log birthplace. Today there are mighty few men on the political scene who've even seen a log cabin. Two examples come to mind immediately: The opposing candidates for Governor.

Michigan is probably setting a

Local Marine At Camp Lejeune

Camp Lejeune, N. C. — Marine Pfc. Larry Lee Wakeley, 18, son of Mr. and Mrs. Barton Wakeley, 599 Park St., Grayling, Mich., re-

cently reported to his base and was assigned duty with the Sixth Marines, an infantry regiment of the Second Marine Division. Private Wakeley entered the Marine Corps in May and received his recruit training at San Diego, Calif.

I WISH TO TAKE THIS OPPORTUNITY TO THANK THE VOTERS OF CRAWFORD COUNTY FOR THEIR SUPPORT IN THE AUGUST PRIMARY ELECTION.

ALTHOUGH NOT SUCCESSFUL IN MY BID FOR THE REPUBLICAN NOMINATION FOR THE TENTH DISTRICT CONGRESSIONAL POST, THE WHOLEHEARTED SUPPORT OF MY HOME FOLKS WILL ALWAYS BE REMEMBERED.

R. C. PUFFER.

BUICK'S POWER STEERING? It's the big NEWS of the year

THERE is a host of things that endear a ROADMASTER to anyone who loves to drive.

There's the might of its Fireball 8 Engine—most powerful ever put in a Buick.

There's the thrift of its Airpower carburetor—a four-barrel automatic that literally brings increased power right out of thin air.

There's its hushed and luxurious silence—its poised and level ride that cost a million dollars to develop—and the infinite smoothness of its Dynaflo Drive.

But the thing that has brought the most cheers for this big and obedient beauty is Buick's version of Power Steering.*

Gone is the tug of turning, parking, maneuvering in small space.

Power Steering takes over the effort of turning the front wheels—makes it a one-hand operation.

Do you have to learn to drive all over again if you have this new Buick feature?

You definitely do not. On the open road, you have that same sure sense of command that you've always had. Coming out of a curve, you can loosen your grip, and the front wheels right themselves just as they do on every Buick.

But you'll notice this: When you suddenly hit loose dirt or sand—or a stretch of rough road—Power Steering smoothly goes into action—helps take up the jerk—makes control of the wheel easier and driving safer.

Wouldn't you like to try out this newest wonder—on a ROADMASTER or a SUPER? You say the word, and we'll do the rest.

Equipment, accessories, trim and models are subject to change without notice. *Optional at extra cost on Roadmaster and Super only.

THE CENTRAL IDEA Biggest Diesel fleet saves you money!

1. 1794 DIESEL UNITS are pulling for you on New York Central. Another 153 are on the way to join this largest diesel-electric fleet owned by any railroad. Their efficient power... working long hours, saving on service and fuel... helps keep rail rates far below most prices.

2. THE DOLLARS AND CENTS of what modern rail efficiency means is well illustrated by this family dinner. Since 1946, the price of this meal has risen from \$2.37 to \$5.16. But the rail freight part of that cost has gone up only 3¢... from 16¢ in 1946, to 19¢ in 1952!

3. RAILROADEES BENEFIT, TOO! Diesel-electric power and other efficiencies help them enjoy 143% higher average wage rates than during the 1935-39 period. Last year, New York Central paid \$468,600,000 in wages. And most of that was spent in towns like yours along the line.

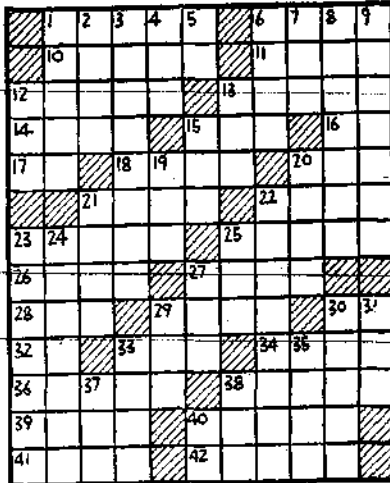

4. SO WHEN YOU SEE a New York Central diesel at work, remember it's a sign of progress. Progress that means good wages... efficient service to your community... at rates that are a bargain compared to most things you pay for. That kind of progress is the CENTRAL IDEA!

Mortgage Sale — Default having been made in the terms and conditions of a certain mortgage made by George C. Hanners and Margaret W. Hanners, his wife, of Detroit, Wayne County, Michigan, Mortgagee, to Philip D. Dexter, of the same place, Mortgagee, dated the 7th day of May, A. D. 1951, and recorded in the office of the Register of Deeds, for the County of Crawford, and State of Michigan, on the 9th day of May, A. D. 1951, in Liber Q of Mortgages, on pages 79-80, which said mortgage was thereafter on, to-wit the 12th day of June, A. D. 1951, assigned to Caroline Gretz and Walter B. Rensel and recorded on the 13th day of June, 1951, in the office of the Register of Deeds for said County of Crawford in Liber Q of Mortgages on page 81, on which mortgage there is claimed to be due the date of this notice, the sum of One Thousand Seven Hundred Ninety-one and 33/100 (\$1,791.33) Dollars.

No suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof. Now, therefore, by virtue of the power of sale contained in said mortgage, and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on Tuesday, the 14th day of October, A. D. 1952, at 12:00 o'clock noon, Eastern Standard Time, said mortgage will be foreclosed by a sale at public auction to the highest bidder, at the front door of the Court House in the City of Grayling, Michigan, that being the place for holding the Circuit Court in and for said county, of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgage, with the interest thereon at six per cent per annum and all legal costs, charges and expenses, including the attorney fees allowed by law, and also any sum or sums which may be paid by the undersigned, necessary to protect his interest in the premises. Which said premises are described as follows: All that certain piece or parcel of land situate in the Township of Grayling, in the County of Crawford, Michigan, and State of Michigan and described as follows, to-wit:

Commencing at a point, being the West line of the Southwest 1/4 of Southwest 1/4 of Section 12, T. 25 N. R. 4 West, thence North 63.4 degrees, East 328.8 ft., thence South 63.4 degrees, East 328.8 ft., to the point of beginning, the land here described containing approximately 3 acres, more or less, according to the survey thereof, and a part of Southwest 1/4 of Southwest 1/4 of said Section 12, also a piece or parcel of land

bounded by and included within a line commencing at the Northeast corner of the Southwest 1/4 of Southwest 1/4 of Section 12, T. 25 N. R. 4 West, thence 328.8 ft. due East, thence due North approximately 40 ft., to the Westerly bank of the AuSable River, thence following said AuSable River in a Northwesterly direction approximately 200 ft., thence due West approximately 145 ft., to a point on the East line of the Northeast 1/4 of Southwest 1/4 of said Section, thence due South approximately 150 ft. to the point of beginning, said land being a part of the Northwest 1/4 of Southwest 1/4 of Section 2, and containing approximately 1/2 acre, more or less, according to the survey thereof. Also a right-of-way for egress and egress only, 20 ft. in width and situated parallel with and contiguous to the West line of the East 1/2 of West 1/4 of Southwest 1/4 of Southwest 1/4 of said Section 12, also a right-of-way for egress and egress only, 20 ft. in width on the road running east and West across the Southeast 1/4 of Southwest 1/4 of said Section 12, from the North and South County Road now existing on the premises to the West line of the property.
